Dear Doctor Dutt:

Complying with the wishes of your Vice-Chancellor and syndicate, I have examined the paper submitted by Mr. B. S. Madhava Rao, M. Sc., as a thesis for the degree of Doctor of Science. In view of the short time, it was impossible to get in touch with Professor Hadamard in Paris. As Professor Veblen has been away from Princeton during this whole period, we decided to send in separate reports, leaving it to your Faculty to draw its conclusions. I hope all reports will be unanimous in recommending Rao for the degree.

Respectfully,

Hermann Weyl.

P. S. The thesis and papers submitted in support of Mr. Rao's candidature for the degree of Doctor of Science, are returned herewith enclosed, by registered mail as requested.
